Weather

A MONTHLY MAGAZINE FOR ALL INTERESTED IN METEOROLOGY

Vol. 33

1978

Published by the

ROYAL METEOROLOGICAL SOCIETY

James Glaisher House, Grenville Place, Bracknell, Berkshire RG12 1BX

CONTENTS

COVER PHOTOGRAPHS

January	Sunrise over the southern Pentland Hills, by GILLIAN M. YOUNG
February	Oblique false-colour photograph of fog in Cheddar Gorge, by P. J. CURRAN
March	Table Mountain, Cape Town, by K. HALL
April	Circumzenithal arc at 1830 BST on 7 August in the Strait of Dover, by S. BENATAUR
May	Greenland, its ice-cap and the extensive sea ice off the eastern coast, courtesy of NOAA, by DUNDEE UNIVERSITY, DEPARTMENT OF ELECTRONICS
June	A portion of the computer-based high resolution weather radar display at Birmingham University
July	Nacreous cloud over Antarctica in July 1975, by P. W. LENNON
August	Stratospheric cirrostratus over Scotland, by R. D. CARTER
September	The United Kingdom National Data Buoy, by M. J. KERLEY
October	Wave clouds, by C. G. JACKSON
November	Extensive billows in cirrostratus cloud over Port Vila, New Hebrides, by B. J. BURTON
December	Hoar frost at Great Gaddesden, Hertfordshire, by R. N. HUGHES

	Pages		*Pages*
JANUARY	1–40	JULY	241–285
FEBRUARY	41–78	AUGUST	287–325
MARCH	79–117	SEPTEMBER	327–365
APRIL	119–159	OCTOBER	367–405
MAY	161–198	NOVEMBER	407–443
JUNE	199–240	DECEMBER	445–482

INDEX

Titles in italics denote book reviews

Author's name in CAPITALS

*denotes Letter to the Editor

ADAMS, R. J., *Wind Power*, by HEINZ KURTH, 403
Agricultural effects of the drought of 1975–76 in the United Kingdom, Some, 64
Agricultural meteorology held at Imperial College, London on 18 January 1978, Royal Meteorological Society Discussion Meeting on, 154
Agricultural series and sunspots, More about*, 39
Agriculture, Climatic change and European, 193
Air pollution from LANDSAT 1, Detection of, 19
ALCOCK, R. K. and D. G. MORGAN, Investigations of wind and sea state with respect to the Beaufort scale, 271
Alpine morning, photograph by W. U. L. WEIMANN, 383
Altocumulus and cirrocumulus over Morden, Surrey, at 1923 BST on 23 July 1974, photograph by M. J. MILDREN, 260
Anomalous weather patterns and long-range forecasting*, 159
Anticyclones, Blocking, 30
Arabian Gulf – June 1977, Severe cyclone in the, 95
ARANUVACHAPUN, S. and P. BRIMBLECOMBE, Extreme ebbs in the Thames, 126
ASHFORD, ROSEMARY, Understanding and forecasting winds and waves for offshore operations, 269
ATKINSON, B. W., Topics in dynamical meteorology: 1: Weather, meteorology, physics, mathematics, 2
Atmospheric energetics (1), Topics in dynamical meteorology: 7., 408
Atmospheric energetics (2), Topics in dynamical meteorology: 7., 446
Atmospheric motions, Topics in dynamical meteorology: 5. The spectrum of, 328
Atmospheric turbulence, Topics in dynamical meteorology: 6. Some aspects of the description of, 369

BADER, M., H. A. DOUGLAS and M. J. KERLEY, The United Kingdom National Data Buoy (DB1) – A future source of meteorological data? 353
Bahrain, Discomfort in, 334
BALDWIN, H. and P. A. SMITHSON, Wind chill in lowland Britain, 463
BBC weather forecasts on radio*, 238
Beagle – meteorological notes and curiosities, The voyage of the, 340
Beaufort, Apologies to Admiral*, 478
Beaufort scale, Investigations of wind and sea state with respect to the, 271
Beaufort letters and the weather diary*, 323
BECKER, M., Blizzards over south-west England – February 1978*, 405
BELIS, F., Solar halo of 15 degrees – 28 June 1977*, 404
BENHAM, D. G. and K. MELLANBY, A device to exclude dust from rainwater samples, 151
Blizzards over south-west England – February 1978*, 405
Blocking, Some further remarks on, 338
BLOOM, D. M., Weather facts and feats*, 283
BOTLEY, CICELY M., Red sun pillar*, 281
BRADBURY, T. A. M., *Meteorology for glider pilots*, by C. E. WALLINGTON, 280
BRADSHAW, P., London's urban plume*, 404
Breaking gravity-waves in the ocean fog off the California coast, photograph by W. LIVINGSTON, 352
BRETT, D. W., Elm tree rings as a rainfall record, 87
BRIDGE, G. C. and R. D. CARTER, Stratospheric cirrostratus over Scotland, 309
BRIMBLECOMBE, P. and S. ARANUVACHAPUN, Extreme ebbs in the Thames, 126
BRIMBLECOMBE, P. and T. D. DAVIES, Detection of air pollution from LANDSAT 1, 19
BRIMBLECOMBE, P. and T. M. L. WIGLEY, Early observations of London's urban plume, 215
BROWNING, K. A., R. GUNAWARDANA, J. A. EDWARDS and P. K. JAMES, A case of line convection observed by radar using a high resolution colour display, 212
Building design, Extreme wind data and, 416
BURRAGE, S. W., M. K. V. CARR and I. G. REID, Climatic change and European agriculture, 193
BURROUGHS, W. J., On running means and meteorological cycles, 101
